Naples, Fla. — The Florida Department of Health in Collier County (DOH-Collier) has lifted the precautionary swim advisory for **all** Collier County beaches. Testing results indicate bacteria levels are within the accepted healthy level.

The beach water quality monitoring program continues year-round in Collier County and samples are collected and tested on a weekly basis. The results are posted on the Florida Healthy Beaches Program website at www.floridahealth.gov/environmental-health/beach-water-quality/index.html.

About the Florida Department of Health

The department, nationally accredited by the [Public Health Accreditation Board](#), works to protect, promote and improve the health of all people in Florida through integrated state, county and community efforts.
